MANAGEMENT

vita andré josselin

YOUNG PHOTOGRAPHER

andré's body of work has been published in various magazines, noticed on billboards, album covers and instagram feeds. he regularly shoots models and celebrities, musicians and friends and persistently captures moments that randomly appear around him.

due to his candid signature style, josselin's portfolio has become incredibly personal and distinctive. he is well known for his unparalleled speed, his series of books and his work with talent that often happens to be under severe time restrictions.

as an ambassador for Leica and fashion enthusiast, he will constantly choose style over comfort. josselin's production playlists are famous and infamous at the same time while his humour is always dark.
