vita linda leitner

YOUNG DIRECTOR & PHOTOGRAPHER

Linda Leitner is a Munich based fashion photographer and filmer. Her style is defined by minimalism and simplicity, yet focused on details and always with a modern touch.

She was born in 1991 and grew up in a winter sport resort in Austria, which defined her first steps in photography. Linda firstly established her career in action sports photography, and soon she was able to work for various renowned brands and travelled the world with the age of eighteen.

Since 2013 she found her way into fashion photography. The creative world felt like the perfect fit to express her definition of aesthetics. After finishing her Bachelor of Management she assisted leading international fashion photographers around the globe, which gave her the opportunity to fully grow and establish herself individually. Since then Linda has been working as a freelance artist and works for clients and publications, such as Vogue Germany, Harper's Bazaar Cz, Peek&Cloppenburg, Laurel etc.

Linda is now based in Munich, Germany and is available worldwide.
